

First Aid Certifications

The following First Aid Certifications are those which comply with the requirements of the AS/NZS 2299.1 Standard. In addition to complying with the Standard, these certifications are also approved as a pre-requisite for ADAS training with an Accredited Training Establishment (ATE), and for applications submitted directly to ADAS.

The certifications shown below are available through Australian based First Aid providers.

Requirement	Acceptable courses (official name)	Nationally Recognised Training Number
